In the Kinder Classroom
There was great excitement in the Kinder classroom today when they had some very different visitors. Firstly they had a visit from a box of crayfish bought in by Alexis’ mum. After morning tea there was an unexpected visit from the fellow below. Students think he may have been visiting their tadpoles, which are in a fish tank in the room.

Canteen News

Children and Fruit-
Love at First Bite

Fruit provides a wonderful array of colour, taste and texture in the diet. Fruit is also an excellent source of fibre, vitamins and mineral. Children should be encouraged to include fruit in their diet every day.

Fabulous ideas to encourage children to eat more fruit.

- Serve fruit cut into bite-sized pieces. Children usually prefer and manage fruit better this way.
- Frozen fruit pieces are a real treat in hot weather. Simply wrap pieces of peeled banana, pear, rockmelon or orange in cling wrap and freeze. Grapes are also great frozen.
- Fruit kebabs can be made using icy pole sticks and served either chilled or frozen. Bananas are great for this and make an excellent alternative to ice cream.
- Fruit smoothies are always popular with children and are so easy to make.
- Add chopped fruit or unsweetened fruit pieces to your child’s favourite breakfast cereal.

Fresh Fruit Skewers

**Ingredients**
1 banana peeled and quartered
8 strawberries
1 kiwifruit peeled and quartered
\( \frac{1}{2} \) rockmelon, peeled and cut into 4 wedges
\( \frac{1}{2} \) cup plain or fruit yoghurt

**Method**
Alternate fruit between 4 skewers and serve with yoghurt.
For best results, choose seasonal fruit, which should be chilled and cut just before serving.
