From the Principal’s Desk

School Assembly
Congratulations to those students that received awards at last Friday’s school assembly.

**Bronze:** Kaiya Grace-Hendrie, Katelin Eyles, Amy-Lee Price, Cruze Morley, Sharni Bowkett, Anna Cooper, Jennifer Mackay.

**Silver:**

**Quicksmart:**

STUDENTS RETURN FOR TERM 3 on MONDAY 14th JULY.
(Staff development Day will be Wednesday of AgQuip)
**Lions Club Donation**
Last Friday Julie and Jo Gillham presented our school leaders with a cheque from the Boggabri Lions Club. The donation was from the Skit Night at the Drovers Campfire. A total of $1500 was raised. I would like to thank Boggabri Lions for their continued support of our school.

**School Athletics Carnival**
The school’s Annual Athletics Carnival will be held this Thursday commencing at 9.30am. The carnival will start with the 100m age races. Due to the condition of our school oval these will be held on Jubilee Oval. Students will walk from school at 9.15am, after we have marked our rolls. At the completion of these races students will return to school to participate in their field events. A copy of the program is attached to the newsletter today.

Last Friday we held our 200m and 800m events at Jubilee Oval. All students participated with great enthusiasm and are to be congratulated for their behavior. Everyone is looking forward to our carnival this Thursday. We hope that as many parents as possible are able to join us and cheer on the students.

**Movie Day**
On Friday 27th of June we will hold a movie day. The infant students will watch their movie between recess and lunch (11.30-12.40pm) and the primary students will watch their movie after lunch (1.30 – 3.00pm). Titles of the movies are still to be decided, but as many of the Disney movies today are PG. **Could you please sign the permission note and return it to school by Friday morning. Students that do not have a signed note will not be able to watch the movie.** We will be selling popcorn (50c) and choc tops ice creams ($1.50) on the day. Students can bring money on the day or alternatively you may send the money into the front office.

Have a wonderful holiday and stay safe.
Charna Wood

Wee Waa Netball

Last Thursday our Netball team travelled to Wee Waa Public School to participate in a Netball Gala Day. The girls are to be congratulated on their behaviour and sportsmanship. Well done girls!

P & C News

The pie’s for the P & C Pie Drive can be collected from the staffroom after 11:30am.

Thank you to everyone that supported our fundraiser.

Head Lice

We are still having trouble with headlice infestation. Could all parents please check their children’s hair and treat where necessary.

If you do confirm head lice infestation, there are three main types of treatments available:

* insecticide products approved for use in Australia by the Therapeutic Goods Administration.
* wet combing, also known as the comb and conditioner method (as outlined below).
* Hit Nitz 4 6 provides an easy, effective, ongoing system to control head lice. It’s as simple as two products that work together to give defence in the war against nits. To control a head lice infestation, use both the Once Off Lotion and the Daily Control Spray. This product contains natural ingredients. They are free from artificial fragrance, silicon oils and animal ingredients.

To find out where to purchase this product.

Wet combing or the comb and conditioner method

This is a method of removing lice with the regular use of a fine-toothed comb (teeth must be 0.2 to 0.3mm apart). You need to spend approximately 20 to 30 minutes combing through the entire head of hair every two or three days for at least two weeks. It’s important you keep doing this until there have been three consecutive sessions without seeing any lice.

Wet combing doesn't involve strong chemicals, and lice can't become resistant to it. It can also be used for routinely checking the hair for infestation.
Another way of treating is to coat the hair in conditioner and then place a shower cap over the head for half an hour then comb through the hair with a fine toothed comb. This method suffocates the lice.

Community News
